

RESIDENTIAL ELIGIBILITY REQUIREMENTS

All residents must have medical insurance and are responsible for their own spending money. The residents or their families are responsible for medical and dental costs, including medications not otherwise covered by insurance. Requests for medical records, psychological reports, and confidential financial information are part of the application packet.

We accept persons:

- with mental retardation as the primary diagnosis;
- with IQ of 74 or below;
- who are ambulatory
- age 18 and over; and
- with Medicaid waiver or private funding.

The Dubie's Love Staff will provide daily support to the individual to enhance their independent and community living skills. Our program is currently utilizing community resources, helping individuals attain personal goals, and developing recreational and socialization skills tailored to each individual.
